and Support Coordinators

Futures Planning

Topic: Virginia Medicaid Waivers

Thursday, April 11 | 10:00 am - 12:00 pm

Do you/your child have a developmental disability?

Do you know about Medicaid waivers?

Are you or your family member in need of services, such as respite, personal care, assistive technology, employment, residential services, nursing or behavioral support?

You are invited to an educational experience that will guide you through the Virginia Medicaid Waiver System and prepare you, your loved ones, and your entire family. You will not only learn about the CCC+ Plus and the Developmental Disability Waivers (BI, FIS, CL), but you will also learn about eligibility requirements, application process, services offered, and what to do while you wait.

Speaker: Lucy Beadnell, The Arc of Northern Virginia
